Dear Mr. McCarthy,

Thank you for asking CIA Deputy Director John McMahon to address the Bay Area Law Enforcement & Security Liaison Group and the San Francisco Chapter of the American Society for Industrial Security sometime in November.

Regrettably, due to press of official demands on his time, Mr. McMahon is unable to accept. He has asked me to convey his regrets that he cannot meet with these worthwhile organizations.

Best wishes in your teaching assignments. It sounds as though you are "getting the word out" in the Intelligence Community -- congratulations!

Sincerely,
